Instruction on Viewing Administrative Record Documents

The following index, and the Administrative Record documents that it links to, are provided here as a courtesy to the public in a convenience copy format. Official copies of the Administrative Record can be viewed at the US EPA Region 1 Superfund Record Center, and at the Plaistow Public Library.

Formatting (margins, page numbering, etc.) may be different than the original copy and some appendices may have not been included in this on-line file. Where graphics or oversized materials have not been included, it has been noted in the PDF document.

To view the documents as described in the following index, click on the desired entry and the linked Adobe Acrobat® PDF file will open. When viewing each document, use the PDF bookmarks provided in some documents, or look for red, boxed instructions, to navigate through the document and get back to the Administrative Record Index.
